Gateway 2000 on CompuServe...

The Gateway 2000 Forum on CompuServe is a logical extension of our industry-recognized Technical Support Department. It has the answers to questions you may have about Gateway 2000 products:

- ✔ *Assistance on technical issues*
- ✔ *The latest on new products and upgrades*
- ✔ *Product-specific files, software updates, and much, much more.*

You can communicate directly with Gateway 2000 technical representatives. Or to the thousands of Gateway 2000 users that number among the over one million CompuServe members worldwide. At any time, from just about anywhere in the world, the Gateway 2000 Forum on CompuServe is available to you. The Gateway 2000 Forum is designed to assist in all your personal computing needs, from product announcements and company statements, to customer service, pricing/ configuration sheets, hardware- and software-specific downloadable files, and general conference areas with other Gateway 2000 customers.

...and a whole lot more

In addition to the Gateway 2000 Forum, CompuServe offers a world of information and services, such as up-to-the-minute business reports, entertainment reviews, and technical information. As a CompuServe member, you will have access to over 1700 online products and services, including:

- ✔ ***Computer Forums***

  CompuServe has over 500 manufacturers providing direct, expert, online software and hardware product support.

- ✔ ***News***

  Turn to CompuServe's online news services daily for news from the Associated Press, United Press International, the Washington Post, Reuters, and other sources.

✔ ***Investments***

Speed up stock purchases and sales with convenient electronic brokerage services. View stock trends online. Research investment possibilities. Transfer data from CompuServe to use in your favorite spreadsheet application.

✔ ***Research***

Gather information the world over with online encyclopedias, college databases, and hundreds of national and international reference sources.

✔ ***Travel***

Plan your next trip on CompuServe. Compare airline schedules and fares, find the least expensive flight, book your tickets online, even make hotel and car reservations.
